It is my feeling that the U.S. should do whatever it can under the law to influence the present government of South Korea to free Kim Dae Jung and his co-defendants. As a U.S. citizen I object to any support that we give the totalitarian dictatorship. There is strong evidence that South Korea through the KCIA, diplomatic personnel & certain Americans such as Tong Sun Park & Sun Myung Moon, unlawfully interfere in our domestic affairs & back our laws in other areas.

As my senator I urge you take this into consideration in any business that comes before the Senate in regard to this government
